THE SEASON OF 1915-16 OPENS WITH CHIPOLA NURSERY IN BETTER SHAPE THAN EVER TO FILL ORDERS PROMPTLY.

To our former customers we extend thanks for their patronage and hope for more and larger orders this season. To those who have not bought of us we extend best wishes, and hopes of getting acquainted with and some business from them, at least a TRIAL ORDER.

FOR BEST RESULTS PLANT WEST FLORIDA GROWN NURSERY STOCK.

We have satisfied by practical tests that West Florida Grown Orange, Grapefruit and other Citrus stock will stand more cold than stock from further South.

Our stock is in Fine, Thrifty, Healthy Growing condition, and ADAPTED to the SOIL AND CLIMATE, and GUARANTEED TO BE FREE from Diseases and Insect Pests. All Buds Taken from Selected Bearing Trees.

We list below some of our leading stock; the Citrus stock listed are varieties BEST SUITED FOR WEST FLORIDA.

Also a lot of Multibillus (Confederate Rose) This is one of the most magnificent flowers grown.

We have a lot of Altheas (Rose of Sharon) all colors.

We have this season a very fine lot of Loquat (Japan Plum) trees. The Loquat is one of the finest fruit for jellies, and is nice to eat from the tree, and is one of the most attractive EVER-GREENS, very ornamental. Also a fine lot of Japan Walnut trees.

We have bought out and offering for the first time a new and especially fine Plum that we have honored with the name of our nursery. The "CHIPOLA," that is bound to become very popular, and am offering it at 50c each. We can only supply a limited number of trees this season.

All transplanting should be done during the winter months so as to enable the plants to get a good root system established before the spring drought.

Write us for price lists and other literature. Speak to your neighbors about our nursery, and send us their addresses and we will send them price lists, etc.

Our nursery is located at WEWEHITCHKA, CALHOUN COUNTY. The farthest North and West of any Nursery in the State.
